## And This All Happened At the Big Fight At Reno

By  
"Bud" FisherEXTRAINING GAME  
TO DOUGLAS,  
1 TO 0Friday's Contest With El  
Paso a Scoreless Tie  
Until Tenth.

Rejuvenated by the change of management into playing ball good enough to win in a big league. El Paso received the small end of the luck break and lost out Friday afternoon by a score of 1 to 0 in a 19 inning game, which was without doubt the best played, hardest fought and most sensational fielding contest of the local season.

Red Booles was opposed by the veteran Kane, and for nine innings he kept right up in holding his opponents to a scoreless tie. Seven hits were all that were gleaned and only two of these in one inning. Although the Mavericks negotiated but five, yet through walks and errors the team had about twice as many men on bases as did the Demons.

Double Plays a Feature.  
Four double plays were pulled off, one by Earhartman, Reinhardt and Jackson, two by Ford, Smith and Gwynup and a fourth by LeBrand and Ward. Splendid chances by El Paso to score were turned from "man on, nobody down" in the sixth inning, to "two down" by the fast work of Ford, Tommy Smith and Gwynup.

Merritt opened with a single, the second hit off Kane; Cal Barthman hit a screamer at Ford, who appeared it and threw to Smith, who tagged Tex; then Smith threw to Gwynup, just getting Earhartman by inches. Had even one of them been safe, he would have scored. Ketchum, next up, hit a sharp one to Smith. The latter threw over Gwynup's head and Ketchum took second. Had Earhartman sacrificed, Merritt would have scored. Again in the eighth, Jackson singled to open. Hewitt this time did the double up, same route as the other sphere traveled in retiring runs. The double play ruined all chances the Mavericks had.

But there's some satisfaction. El Paso played a great game, 50 percent more better than the team has been putting up. Jackson changed the bat-

ting order considerably, putting himself first and "Whitey" Hewitt, good on sacrifice, second.

Fielding Spectacular.  
The fielding features were contributed by Rumsey in right. He made two pretty catches, one a running grab, the other a one-hand affair. Gowan also got a hard chance which he grabbed handsly. Then, in the ninth, with two down and Gwynup on second through a hit, Carlson singled to right. Rumsey made a clean pickup and peg to the plate, getting Gwynup by 10 feet. Merritt running out and tagging him. Earhartman also made a good stop of a liner in the second, while Hewitt and Reinhardt made nice stops and pegs. Hewitt and Jackson also each got one nice foul. Jackson likewise got a high throw of "Reinle's" in sensational fashion, retiring the side with a man on.

Douglas was full of good plays, although the fielding was a little ragged. Hines Ford made a boot, so did Ward and Smith. Had it not been for the clockwork around the second sack, and third, too, there might have been a different tale.

Kane again used his head to good advantage, his spit ball and his slow ball the rest of the time, while the homebase was studded with diamonds to guard against a possible Friday hoodoo. But those things apparently don't bother "Horseshoe Harry." Booles' pass in the ninth, when he walked Smith, proved his undoing, as Bill Harper, with two men down, came to bat and knocked out his second single of the day. That single won the game. The score:

El Paso	A. B. R. H. P. O. A. E.
Jackson, 1b	4 0 1 11 1 0
Hewitt, 3b	3 0 0 1 4 0

AUTO NOTES.  
\*\*\*\*\*

There's something new in town. It's an auto cap with a false face. In all, it is a clever combination of cap and goggles—all in one piece. A certain local dealer expects a fearful rush of the practical novelty.

Joe Lowe—rhythmic name, that—was in town this week end. Mr. Lowe is traveling representative of the Motor Car Equipment company of New York City.

E. Roseburg, star traveler for the Sturges company, announces that he is going on a tour of Texas and drag down into Mexico. He will start Sunday, or maybe later.

O. A. Perry of Beckley-Ross & Co. was in the city this week.

Sales have been scant all around the local dealer world. But supply sales have not been dead.

Clifton's Reorganized Team  
In Cananea; League News Notes

(L. R. Crawford.)

Clifton, Ariz., July 9.—A switch has been made in the Cactus league schedule sending Clifton to Cananea, instead of El Paso this week, and Morenci to Bisbee.

Although Clifton got the small end of the Fourth of July series with Morenci, the showing made by the reorganized team convinces the fans that the locals will still be a strong factor in the Cactus league race.

Paul Reinsinger has been selected by the directors to manage the new team and Riley will act as his assistant. The arrival of McIlveen next week will complete the organization. "Mail" will be made captain and assume charge of the field operations as soon as he gets in.

The team left for Cananea in charge of manager Reinsinger and is full of confidence, expecting to return with both games to the good. "Bull" McCleary arrived Tuesday and accompanied

the squad. He will probably pitch one of the games against the Sonora boys. Bull, really well known in the Cactus belt, having established a record last season. In Kiepler, who will pitch the other game, Clifton has the best slabman who has performed here for many a day. Kiepler made his debut last Saturday holding Morenci to four hits and getting away with a 5 to 1 game. On Monday he pitched 14 innings and though Clifton got the little end of the score it was no fault of his. He allowed but six hits, two of which were doubles in the last inning, and fanned 21 men, or half the put outs.

The injury sustained by Hirschman in Monday's game is liable to keep him out for the rest of the season. It is a compound fracture of the thumb which had been broken before. It was first thought that amputation would be necessary but it is now believed the thumb can be saved. Clifton will have a break in a new first baseman against Cananea as Bousquet will replace Hirschman behind the bat.

More Racing In Canada; Matt  
Winn Is Most Optimistic ManBy Bert  
Colyer

Chicago, Ill., July 9.—It would seem that Canada, ever the home of the thoroughbred, will be very much on the racing map hereafter. Tentative plans looking to the formation of a second Canadian racing circuit, have been formulated with Toronto the headquarters of the "syndicate." According to dispatches just to hand, A. Orphen, the Toronto poolroom king, is back of the enterprise, which it is said will expend upwards of \$800,000 in three new mile tracks. According to those associated with Orphen, it is the intention to build a new mile track at Toronto, probably on the site of the Dufferin Driving park, and in which Orphen, the Toronto poolroom king, is another at Hamilton, and a third at Montreal. All three cities boast of half mile courses in addition to the regular mile affairs, and these, it is understood, will be converted into regular courses.

Associated with Orphen is Joseph A. Murphy, for years a prominent racing official in the middle west. "Under such an arrangement," said Mr. Murphy, "Toronto, Hamilton and Montreal would then have 14 days' racing both spring and fall. Under the recently enacted Miller bill, there can only be seven days of racing at any one track spring and fall, but the tracks each, of course, are not limited, hence you see the new circuit would be protected."

Matt Winn, manager of the Empire City Racing association at Yonkers, and who also holds similar positions at Churchill Downs, Louisville and Juarez, Mexico, is one of the turf's keenest optimists. Winn is the man who relinquished or rather resurrected the pari-mutuals as the system of handicapping wagers on horse races in Kentucky; incidentally he made them pay. In the opinion of Winn, the turf is just entering upon an epoch of regeneration, with the pari-mutuals sure to supplant the bookmaker and his succulent (7) odds.

"Naturally I deeply regret the unsettled condition of racing affairs in the east," said Winn, "because we realize how tremendously much racing in New York means to breeding—one of the great industries in Kentucky."

"In the unfortunate event of a temporary cessation of racing in New York after September 1, until some interpretation may be had of the statutes recently passed, just as much racing will be given in Kentucky as it is possible, and I may say, too, that Juarez will open its gates in that contingency earlier than Thanksgiving day—possibly as early as November 1."

When August Belmont's good two year Babbler came home in front in the great American stakes he placed his sire (Hastings) at the head of the list of money winning sires of the season and himself became the second largest money winner of the year. Hastings now has \$30,095 to his credit won by his sons and daughters. Woolsthorpe, through the performances of Donau, and Fashion Plate is second on the list with \$25,095 to his credit. Ca-

sarian is third with \$24,118, his best performer being the two year old Golden Egg. Ben Brush is fourth with \$23,047, \$12,367 of which was won by the good three year old Sweep, the largest money winner of the season. Orphen is fifth on the list with \$22,075, his best performer being King's Daughter, which game little mare has won \$3700.

The harness horse stable that always attracts the most attention, that of the veteran "Pop" Geers, has been shipped from Memphis to the famous four-corned track at Terre Haute, where the finishing touches will be put on and the first start of the year made the week of July 11.

The greatest of all races in America is the Suburban handicap, and the winners of that race are generally classed as the greatest horses and the greatest jockeys on the turf.

Looking over the list of jockeys who have ridden winners in that great event many names are found of the world's most famous riders.

Billy Donohue, who rode General Monroe in 1884, is now training horses abroad. Willie Martin, who handled Elkwood in 1888, is now training the Beverwyck stables after a long banishment. Snapper, Garrison, who had the leg up on Roseford and Montana in 1889 and 1892, respectively, is now doing a monolog stunt in vaudeville.

Isaac Murphy, the famous negro jockey, who rode the immortal Salva to victory in 1890, is dead. So is Marty Bergen, who piloted Loaniaka in 1891. Patsy McDermott and Patsy McCue, the riders of Lowlander in 1892 and Kinley Mack in 1890, respectively, have passed away.

Fred Taral, the handler of Ramapo in 1894, owns a hotel in New York City after a long series of successes abroad. Harry Griffin, who had the mount on Henry of Navarre in 1896, was a bookmaker on the New York tracks until law put him out of business.

Willie Simms, the negro jockey, who rode Ben Brush in 1897, owns property in Brooklyn. Nash Turner, rider of the famous mare Imp in 1899 has been training horses in France for a number of years. Henry Spencer, who brought Alcedo home in 1901, is said to be still riding in Europe.

Heels in 1902, the rider of Gold Heels in 1902, is dead and Grover Fullerton, who had the mount on Tiger in 1903, is a cripple, the result of a fall at the Jamaica tracks. Arthur Redfern, who came home in triumph with the \$50,000 Hermin in 1904, got a license this year in England and is accepting mounts there.

Frank O'Neill, Beldame's pilot in 1905, is riding for W. K. Vanderbilt in France. Willie Shaw, Gobetwee's rider in 1906, is filling lucrative engagements in Germany. Willie Dugan, who won with Neolon in 1907, is too heavy to ride and has retired. Joe Notter, who scored a memorable success with ballot in 1908, is recovering from injuries received at the recent Belmont Park meeting in New York.

SPORTLETS.  
(By Tim.)  
\*\*\*\*\*

It was Ray Harroun, the Marmon star, who took highest honors at the opening yesterday of the grand circuit automobile races at Churchill Downs, near Louisville. A solitary accident occurred when Harry Endicott went crashing through a fence in his E. M. F. His car was smashed, but the man was uninjured.

Because Lake weakened in the fifth, giving Washington 10 runs, St. Louis was shot to pieces at the capital city yesterday. It resulted 12 and 2.

At Boston yesterday, Cleveland's pitchers could not check the locals. The visitors lost both games of a double header.

After being run up \$1500 by W. Hawks and retained, Miles easily won the feature of yesterday's card at Buena Vista.

In a wild battle at New York yesterday, the locals defeated Chicago, 13 to 4. There were 15 hits for a total of 32 bases off Scott and Young. LaPorte started it with two doubles and a triple.

In the fourth of yesterday's Brooklyn at Pittsburgh game, Webb hit a batsman, gave two bases on balls and made a very wild throw, allowing, in all, four runs.

Omaha used two pitchers in an attempt to stop the Des Moines batsmen in yesterday's game. Omaha played errorless, but only won 6 and 5.

In a slow, deep smack, Guy Fisher won the handicap at one mile and 29 yards in yesterday's Empire City card. Olmstead and Ehaman, of Denver, were knocked out of the box by St. Joe slugs in the first two innings of yesterday's game.

Omaha used two pitchers trying to stop the heavy hitting of the Des Moines aggregation in the Western league at Des Moines Friday. While Omaha played an errorless game, the Des Moines swatted the ball freely and with apparent ease.

Pinkola had to shoulder too much weight in the handicap at Latonia Friday in comparison with his light weighted rivals and was defeated by Leunance. The meeting ends today.

Chicago defeated Cincinnati in the National 3 to 2 Friday. Kling hit a home run with one man on base in the fourth.

At Empire City race track, Guy Fisher, in winning the handicap at one mile and 20 yards Friday, showed remarkable improvement over his recent race here when he finished third. The track was slow and deep.
